The Boys & Girls Club of Southwest County

The Boys & Girls Clubs of Southwest County, founded in 1990, is a non-profit youth development agency devoted to the kids of the Southwest County of Riverside California.

Their single mission is to inspire and enable all youth, regardless of economic or social status, to realize their full potential as productive, responsible, and caring citizens by providing stimulating and challenging programs through interaction with qualified caring adults.

Monies raised from the golf tournament will be donated directly to the Temecula site which will use them to support their wonderful youth programs.

Aside from its mission to provide excellent development programs for young people, the Boys & Girls Clubs of America's use of financial resources has won national recognition. In its latest "Philanthropy 400" report, The Chronicle of Philanthropy ranked them No. 1 among youth organizations for the eighth consecutive year, and No. 11 among all non-profit organizations.

In 2001 and 2002, WORTH magazine ranked the Club as one of the "100 Best Charities in America" based on financial efficiency, strength of reputation and program effectiveness.

THE ART OF WINE
